

**ACTION: UPCOMING COUNCIL MEETINGS**

---

**Recommendation**

- That the Kentucky Environmental Education Council hold a full-day council retreat on Thursday, September 12, at General Butler State Resort Park or another available venue.

**Rationale**

- The writing retreat for the 5-Year Master Plan will be held the next day, so Council Members will have the opportunity to set the direction of the writing retreat and participate in the writing itself if possible.
- That would result in the following schedule for the remainder of 2019:
  - Wednesday, July 31—Summer Council Meeting
  - Thursday, September 12—Council Retreat
  - Wednesday, November 6—Fall Council Meeting
