

**INTERAGENCY SUBCOMMITTEE ON
ENVIRONMENTAL EDUCATION**

**KEEC Council Meeting
Agenda Item E-1
November 1, 2017**

- The Interagency Subcommittee on Environmental Education held its quarterly meeting on September 20, 2017.
- Almost all member agencies had completed the annual report and AmeriCorps survey. The consensus of the committee was that an annual report describing activities of EE organizations would be useful both as a marketing tool for their agencies and as a way of finding potential collaborators. In future reports, agencies would like to have information from K-12 schools.
- Attendees:
 - Billy Bennett and Wesley Bullock, KEEC
 - Stephanie Bunge, KDE, Division of Program Standards
 - Roberta Burnes, Division for Air Quality
 - Jennifer Hubbard-Sanchez, Kentucky State University
 - Tresine Logsdon, Fayette County Schools
 - Johnna McHugh, Division of Conservation
 - Elizabeth McNulty and Kari Johnson, Division of Compliance Assistance
 - Danielle Rogers, Division of Water
